to raise or lift up to a higher position.

More than just volleyball, Elevate VB is a competitive, faith-based club formed by a group of volleyball families who have a passion to raise elite athletes with a love for God and a heart to lift up others through sport. Our priorities are God, Family, Volleyball - in that order.

tryouts & next steps

- **Please click or scan the QR code here** to fill out the NICE TO MEET YOU Player Evaluation Form so that we can learn more about you and your volleyball goals.

- Team offers will come via text, phone or email within 1-3 days w/instructions on how to register for your team. A registration fee will be due upon registration. Monthly payments will be made available during registration.

- We appreciate a response to the team invite within 3-5 days. If you receive an invite and do not register within 5 days, your spot may be filled by another player.

- Uniform Night - Following the tryouts and team formations, we will host a uniform fitting day. Stay tuned for that announcement from your team and coach.

- Any players who have registered and tried out, are welcome to attend any makeup tryouts free of charge.

- Make-up Tryout - If there are players who were not able to attend the initial tryout but have expressed desire to join. They may request and be provided a makeup tryout date. Once again, if this occurs, all current players are also invited to return for that makeup date free of charge.

team & player development

- We strive to develop athletes in Body, Mind and Soul.
- We believe that in order to grow, players need to be trained in an environment where mistakes are simply part of the learning process, not something to be feared or punished for. We teach players the value of encouraging their teammates in both successes and failures.
- We teach our players the value of “elevating” others by encouraging them to share their skills, wisdom and knowledge of the game with their teammates.
- We believe in showing respect and love for our teammates AND our opponents, which is why we give every opponent an MVO Award at the conclusion of each game.
- We believe that the church community exists outside of the four walls. We believe that our teams are part of a player’s community. As such, our goal is to help our players develop strong, Godly friendships that will last beyond the volleyball season - hopefully a lifetime.
- Unfortunately some tourneys are on Sundays, this is beyond our control. During these times, we excuse players if they need to leave early or arrive late and we encourage our athletes who miss church to do devotions with their teams.

Sponsor an Athlete:

Many of our players rely on the generosity of our supporters. If you would like to donate or assist with financial support for a player, please contact us at: bill@playasone.org

team communication

We understand that life is busy and unpredictable, so creating an avenue for reliable and consistent team communication is our top priority. We are always searching for ways to improve our team communication and in that effort, this year we have selected BAND as our preferred app for team communication.

Each team will have their own BAND TEAM PAGE for easy collaboration between coaches and families. This app allows for posting, commenting and chatting. All team news, updates and announcements will flow through the BAND app.

policies

ATTENDANCE

All players are expected to attend all practices and tournaments unless they have given proper advance notice of their expected absence. Proper notice includes:

- Practices: 24 hours notice
- Scheduled Tourneys: 2 Weeks advance notice

Note: Absences can impact a players status and playing time. Recurring absences (with or without notice) can result in players losing playing time or being dismissed from the team.

PLAYING TIME

Playing time is a very sensitive topic and typically the #1 concern that arises in team sports. Coaches should do their best to provide playing opportunities for all players. However, at the club level, all playing time is earned and subject to the discretion of the coach. While there should be NO expectation of "equal" playing time, players should expect to receive feedback from coaches on what they can do to increase their playing time opportunities.

PLAYING TIME CONCERNS

In the event that players and parents have a concern with playing time, we have created the following policies and steps to take.

- Athletes should first communicate any concerns directly to their coach before any parental involvement.
- If result is not satisfactory, then parent may communicate directly with coach (via email or communication app) or request a call or in-person meeting.
- If the result is still not satisfactory the Club Director will communicate directly with all parties and in person if necessary.

Note: It is never appropriate for parents to approach coaches on game days or at tourneys regarding playing time. Instead, they should encourage their athletes to discuss directly with coach(s).

GAME DAY

Parents are NOT allowed on the "bench" for any reason. Only club officials, coaches, and players are permitted. Parents will not attempt to "coach" their athletes from the sidelines. Any player receiving "coaching" from the sidelines could be subject to removal for the remainder of the match or practice.

REFUNDS

If a family decides not to play BEFORE FIRST PRACTICE, their entire tuition will be refunded, with the exception of registration fees (\$245) which are not refundable.

DURING OR AFTER FIRST TOURNEY - If a player decides not to continue, is dismissed or suffers a season ending injury AFTER THE FIRST TOURNEY, then families may receive up to a 50% refund on their tuition.

BEHAVIOR

Safety and the well-being of our athletes is our highest priority. Therefore any behaviors deemed harmful, inappropriate or illegal will result in immediate suspension and possible dismissal from the team. This same standard is applied to all coaches and staff.
